## Married at Vulcan . . .

### Still Life Of The Party On 50th Anniversary

Believed to be the first couple married here half a century ago, and who have continued to reside in Vulcan and district ever since, Mr. and Mrs. E. McPherson celebrated their Golden Wedding Anniversary on Thursday, Sept. 21, when the couples' three daughters entertained in their honor.

Relatives and friends from as far away as Vancouver, B.C., were present to offer congratulations to the well esteemed pair, and to help them in observing the event.

Some 165 friends signed the guest book presided over by the honored couple's granddaughters, Marion and Judy Willard. On entering the reception hall each lady was presented with a dainty corsage made by Mrs. McPherson.

The reception room of the United Church was appropriately decorated for the occasion. Huge bouquets of flowers, mostly in tones of gold, and some of the cards received were tastefully displayed.

The long tea table was centered with a decorated tiered wedding cake and lovely bouquet of 50 yellow roses, with the numerals "50" in gold. This bouquet was presented to the bride and groom of 50 years by their daughters and their families.

Small tables were arranged throughout the room by members of the Couples Club of the church, where the gold theme in serviettes and small favors was carried out. Sharing honors at the silver coffee and tea urns were Mrs. B. D. Lockhart, Mrs. O. B. Roe, Mrs. F. J. Mensinger, Mrs. A. Sales, Mrs. C. L. Kuykendall and Mrs. J. C. MacMillan.

During the afternoon Mrs. E. Pedersen of Medicine Hat, eldest daughter of the McPhersons, presided at the Hammond organ playing many of the well-known favorites of other days. She then joined Mr. Pedersen and their son, (Continued On Back Page)

## Celebrate Mass To Honor Priest At St. Andrew's

On Sept. 21, in St. Andrew's Church, Solemn High Mass was celebrated in honor of the 25th Anniversary of Rev. Father Mariens' ordination to the priesthood.

Father Marien was celebrant, assisted by Rev. Fr. A. Lemire as deacon and Rev. Fr. F. McKay as sub-deacon.

The Gregorian "Missa de Angelus" was sung by Rev. Fr. L. Connolly, Calgary; Rev. Fr. P. O'Byrne, Banff; Rev. Fr. W. McCallum, Picture Butte, and Rev. Bro. Christofor, Calgary; assisted by Mrs. John Hunziger on the organ.

Monsignor J. O'Brien of Calgary gave the sermon enlarging on the spiritual "fatherhood" of the priest and the jubilation's part in it.

Father Marien was born in Duffel near Antwerp in 1908 and fled with his family to England during the first World War. Returning to Belgium when peace was declared, he continued his studies until he received his teaching certificate in 1927. Then answering a higher call he entered the seminary and was ordained to the white habit of St. Norbert in 1937. He served as a professor in a Belgian Monastery until the second World War when he assumed the abbott's duties and served not only students but also numerous refugees in both spiritual and temporal needs.

Then joining an advancing Canadian division he served as their chaplain until the war's end. He was so impressed by their faith and devotion that he made the decision to one day come to Canada. This wish was fulfilled in 1949 and he has since served faithfully in the Calgary diocese.

Following the Mass the CWL served dinner to the largest gathering of the clergy ever held in Southern Alberta. Some 44 priests assembled to assist at Fr. Marien's "Thanksgiving Mass" and to offer him their good wishes.

After dinner a program was conducted by Mons. Q. Killen of Lethbridge and speakers were Mons. Smith of Calgary; Fr. Tennant of Beiseker, Fr. McIntosh of Lethbridge and Fr. Gerhard of Calgary.

The Vulcan council of the CWL presented Fr. Marien with a tastefully decorated cake made by Mrs. Don McKay and a "miner's poke" containing 25 silver dollars.

## To Continue Music In Lethbridge

Omitted by mistake in last week's list of 1960-61 High School who were honored at Graduation Exercises, was the name of Jean Anne Matlock of Vulcan.

Jean Anne is the daughter of Mr. and Mrs. Harris Matlock and far from missing her year, she received her university matriculation standing and has since gone to Lethbridge to complete her several years of musical training. Jean Anne is taking her degree in The Royal Conservatory of Music, Toronto, under the guidance of A. K. Putman, M.A., M.Mus., B.Ed. Also she is taking English 200 at Lethbridge.

## Local Tourney To Conclude Golf Season

The Men's President versus Vice-President Competition at the Vulcan Golf and Country Club will take place this Sunday, Oct. 1, with the losers side paying the bill for a roast beef and turkey supper which will be held early in November. All matches will be 18 holes medal play with points for each nine holes, and for the 18-hole totals.

This year the committee has allotted starting times for all matches in an endeavor to get all games played off on time. Any men members who did not sign for this playoff and wish to participate should contact Ray Wellman before Sunday and will be allotted an opponent and a time to start.

The following list gives the pairings and times of the present entrants and all players are requested to be on time for their match.

A popular horse race of club's top ten golfers will follow at 3:00 p.m. and this event will probably close out the competitive golf for this season for the men.

Eight of the local men golfers took in the Big 8 Golf Tourney at Calgary's Bowness Golf Club on Sunday, Sept. 24 and four of them managed to make the prize list. Ray Wellman, Glen Gorbous, Carl Nelson and Norm Pettie.

The ladies of the Vulcan Golf Club are also playing their President vs. Vice-President Competition next week on Monday, Oct. 2, starting at 1:00 p.m. All ladies wishing to compete are asked to be at the clubhouse at that time. After nine holes of golf the ladies plan a barbecue at 5:00 p.m. to wind up the day's activities.

The Tournament Committee of the Men's Club would like to have any unplayed matches in the club playoffs finished in the next couple of weeks, or defaults will be necessary.

## You Pay Your Money . . .

### I'd Do It All Over Again If The Price Was Right - It Says Here

R.C.R. Munro, Advocate Publisher, Western United States. Dear R.C.R.;

You may recall one Wednesday morning just after my return from holidays, your humorous suggestion that I whip up a couple of columns about my days of freedom to fill out a light page of the paper.

Now I did have such a thought in mind, however my idea was to produce those two columns some weeks hence when you'd be on holidays and I'd be a-searching for some such material. Sir, that time is now, so with your permission let me dissect fourteen days and see where the money went.

First off I've been told you sent me off knowing there'd be rain the moment I smelled the clean, uncluttered lazy air of holidays. You remember the date — last week in August, first in September. And

## Weatherman Favors Event

### Vulcan Has Full House During Second Annual Shopping Day

Vulcan merchants and businessmen fairly jumped out of bed last Saturday morning as the unexpected bright sunshine heralded Vulcan's Shopping Day Carnival and Jay-Walker's Jamboree and they were, for the most part, jumping all day as a result of the booming traffic round town brought on by that sky-full of brightness.

Weather forecasters the previous Wednesday had placed a grimy picture of cold and possibly snow before the sponsoring Board of Trade and Thursday and Friday seemed to be leading in that direction. However the sun shone on Saturday, several degrees below shirt-sleeve weather but still pleasant enough to bring the folks in and they did just that.

Although no indication of the crowd size can be gained from this, because people signed all over town, about 8,000 draw tickets were given out to 21 merchants who took and used between 200 and 600 at each store.

Trying to cram a tight afternoon schedule left the organizers late in their time-table but the most important people, those who had come to be entertained, didn't know and didn't care. At 3:15 p.m.

## Routine Docket At Police Court

Seventy-eight complaints were registered during July and August at the Vulcan police office, nine resulting in court cases. These were made up of offences such as assault, impaired driving, use of purple gas, disorderly conduct, speeding, liquor act violation and careless driving.

J. E. Sullivan, a transient was fined \$200 on an impaired driving charge and there were three auto accidents with up to \$300 damage but no personal injuries.

Three bicycles, a watch, a tricycle, a weimerhammer dog and a purse containing a sum of money were all lost and returned to owners by police.

## Local Junior Choir To Entertain

Mrs. Virginia Sloan of Taber, formerly of Champion will be the guest artist at the Vulcan United Church Junior Choir Concert on Friday evening, Oct. 6, at 7:30 p.m. Mrs. Sloan is a gifted musician and she will render several organ solos during the program.

The Junior Choir of 40 voices, composed of children ranging in age from nine to fourteen, will sing both sacred and secular choral numbers. Soloists in the Junior Choir will be Patricia Christensen, Donald Hanson, Stewart Galbraith and Douglas Grant. Accompanists are Margaret Ann Jamison and Billy Tompkins.

the downtown area, resembled a circus, in addition to the in-store activity there was "The Top 50" or some similar show coming over the CJOC broadcast trailer at one end, Wally and his boys auctioneering at the other and in between was a concert by the RCASC Band and through it all were three hot dog booths going full out.

Most businesses reported a noticeable upswing in sales for the day and practically all had a big increase in traffic in and out of stores with many strange faces on the scene. Of the 21 winners in the evening store draw, nine were

from out of town and of the remainder whose addresses were Vulcan, several were from the district around.

As a result to the afternoon, parents put their youngsters in the hands of the Vulcan Theatre where, two crammed houses saw cartoons and a main event.

Vulcan Auctioneer Wally Franks got the outside show on the road at 1:00 p.m., with his mobile auction. With an assist from Simon Vanderploeg, Brant auctioneer and clerk Gordon Brown he started with about 20 bidders and the (Continued on Page 4)

## Construction Under Way . . .

### School Contract Awarded To Lethbridge Company

At a September 6th special meeting of the Council of the County of Vulcan No. 2, Cooper Construction Ltd., a contracting firm of Lethbridge, was awarded a contract to build the new Carmangay School.

The bid of \$175,974 by Cooper Construction was lowest of eight tenders received for the building which will replace the one lost by fire in April of this year.

Bids were as follows:—

Cooper Construction Co., Ltd.	\$175,974
Bird Construction Co., Ltd.	177,700
Glen Little	178,800
Oland Construction (1959) Ltd.	180,000
Southern Alberta Construction Ltd.	182,731
Kenwood Engineering Construction Ltd.	186,800
Poole Construction Co. Ltd.	192,340
McTavish, McKay & Co. Ltd.	196,416
Carmangay's previous seven-room school built at a cost of \$197,000 excluding furnishings in 1953, was serving 147 students at the time of the April 15 fire and an insurance settlement of \$197,000 was made.	

The new school, construction on which has already begun, will have five standard class rooms, one

combination Chemistry, Science Lab, a library and an auditorium. There will be no basement other than that required to house the furnace, boiler-room and store room.

Architects on the project are Meech, Mitchell, Robins and Associates of Lethbridge.

## Beaver Open House Delayed By Rain

The "Open House" of the Beaver Lumber home which was to have been held next weekend, Sept. 27 to 30, has been postponed for two weeks.

This delay, forced upon Al Beatty, local Beaver Lumber manager, has come about through spells of recent bad weather and a loss of time in the interior decorating of the home. New dates for the showing are Oct. 12, 13 and 14, Thursday to Saturday.

Contractor for the home was Beatty Construction and furnishings were supplied by Vulcan Furniture. This "Show Home" idea is not often available in town to residents and should draw widespread interest and may provide ideas for prospective home owners or those planning renovations.

FRED SCHULER AT WORK

## Mystic Art Of Water Witching Brings Heavy Flow To Golfers

The old saying "seeing is believing" was never more strongly put to the test than one Friday recently over at the sixth tee of the local golf course. This has nothing to do with any incredible golfing antics but concerns a water-witching demonstration by club-house steward Fred Schuler, which did baffle the eye.

The talk going around was that Fred had gone out on the fairways and witched himself more water than presently is pumped by any of the individual town units. And the well was drilled and the water was there to prove it.

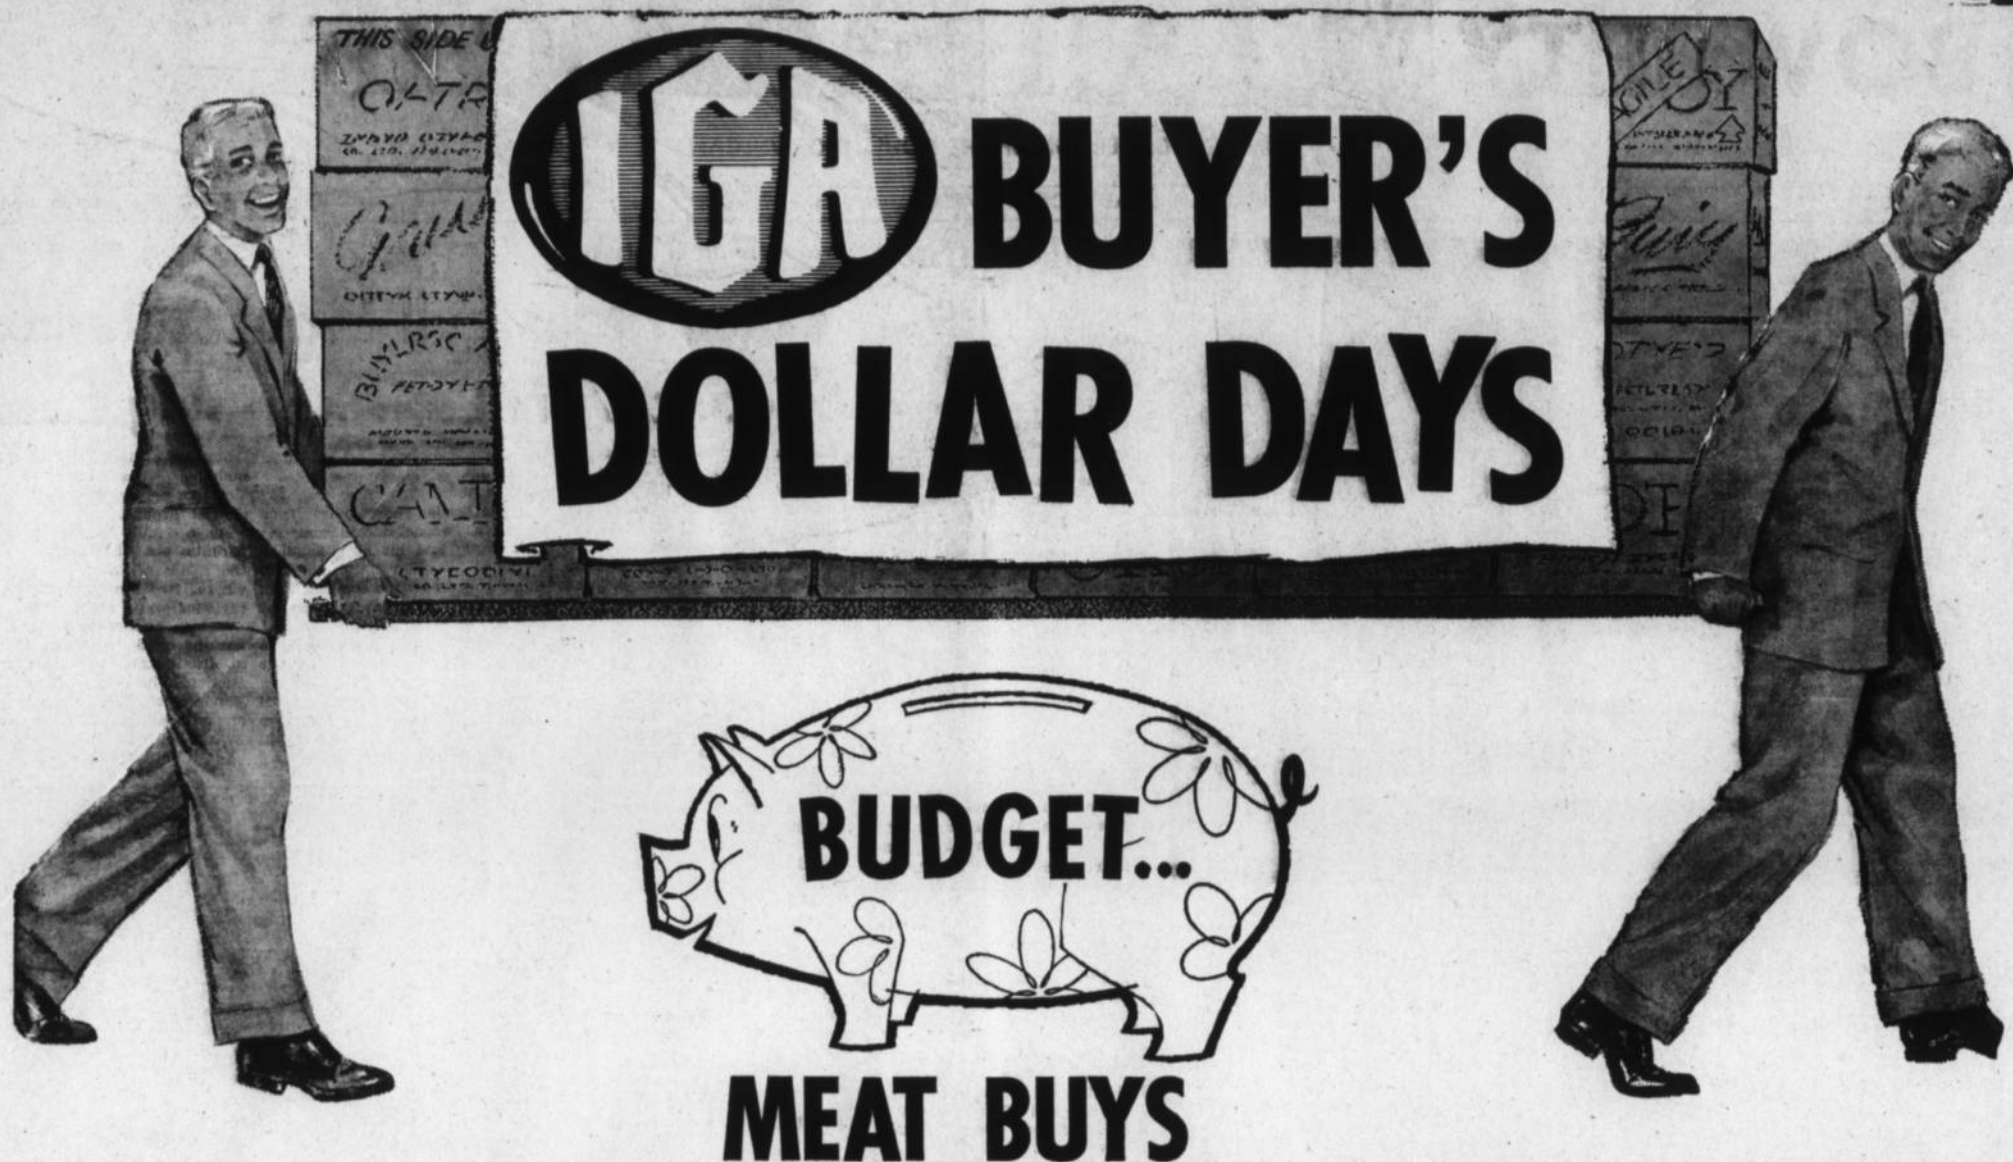

To some, including the Advocate man, this locating water by witching is, or was, just a little hard to swallow because the relationship between carrying a forked

willow over ground and there being water below seemed very vague.

Fred sensed this attitude during a talk with him on the subject, especially when his side-kick on the course Clayton McMillan demonstrated the violent jumping of the willow as it moved above the underground stream, so a demonstration was offered on the spot, and accepted.

Somewhere in history the expression was used, "I have seen — I believe" and it applies here. Fred carefully walked to the seam leading to the capped well holding his willow in front of him parallel to the ground, a fork of the branch in each hand held with wrists turned upwards. ing. This being a birthday meeting celebrating Mrs. Gower's, Mrs. Josie Bach's, Mrs. Gladys McGinnis', and Mrs. Melvin Roemmele's birthdays, the hostess served ice cream and birthday cake.

## Vulcan Has Full House For Shopping Day

(Continued From Front Page)

thing snowballed until at 3:00 p.m., about 75 or 80 hypnotized victims were just a-buoying and then a-wondering.

From 16 stores came everything from TV sets to food hampers to a skirt modelled by Wally. At Stu Joiner's Central Meats a "crazy auction" was held in which Stu put up a side of 80 pounds of Grade A beef to be cut and wrapped for the successful bidder. Bidding was in 50c jumps with no one allowed an immediate second bid and when the price climbed the bidding spread was cut to 25c. The first person to hit the pre-arranged price of \$15 took the meat.

The smartly uniformed brass band of the Royal Canadian Army Service Corps, Calgary and High River Companies, marched on the scene at 3:00 o'clock and played for 45 minutes to a large crowd of listeners who surrounded the main downtown intersection.

Of particular interest to the ladies was the outside Fashion Show which followed.

Arranged by Jerry Snow, Ruth Northcott and Eunice LaRoche and with the support of friends from the town and district who sent in clothing to be modelled, the show ran through a selection of wedding dresses ranging in age from 15 to 100 years old. Clothing of the "flapper era" was shown, old fashioned night-gowns were exhibited and some of the less-revealing bathing suits of the early '20s were on parade. Modelling was done by members of the CGIT and several high school girls. The Emergency Measures Or-

ganization, in their new quarters in the Carson Block, attracted much interest with their showing of a cut-away of an emergency fall-out shelter and radio and other equipment which is centred here in town.

Restaurants did a big business during the supper hour and 200 plates were served at the turkey supper dished up by St. Aldhelm's Guild members before supplies vanished.

At 6:15 p.m. another band concert was held down town which was well enjoyed but short in duration due to the early darkness and cooling temperatures.

At 8:00 o'clock the Fire Department Cash Bingo started and members were caught short-handed at the unexpected reception to their hastily prepared venture and were busy keeping tables served 'till about 11:30 p.m.

Meanwhile down at the other end of the street large crowds of adults and young folk forgot the chilly evening as the draw of prizes from 21 merchants was made. The donor and winner's names follows: Bassett's Jewellery, Fay Love, Vulcan; Betty Anne Shoppe, Mrs. Emil Schmidt, Vulcan; Central Meat Market, Mrs. F. Boyd, Lomond; The Fashionette, (two) Violet Robson and Mrs. H. Mumby, Vulcan; L.G.A. Store, Shirley Deal, Vulcan; Macleod's Store, Iver Iverson, Champion; Mitchell's Pharmacy, Mrs. A. Fluter, Milo; McAskie's Men's Wear, Randy Carruthers, Vulcan; R. Morrison Ltd., J. W. B. Thompson, Arrowood; Richardson & Gould Ltd., M. J. Bolduc, Vulcan; Robinson's Store, Mrs. Ivo Love, Vulcan; Vulcan Bakery, G. W. Roberts, Champion; Vulcan Electric Co., Mrs. Del Thomas, Vulcan; Vulcan Food Market, N. Flebotte, Ensign; Vulcan Furniture Store, T. G. Brown, Vulcan; Vulcan Pharmacy, G. E. Voisey, Vulcan; Vulcan Supply Company, Bernice Fleetwood, Champion; Wilson and Giles Electronics, Jean Scobie, Vulcan; John Wolfe Hardware, (two) Mrs. Ellen Lengyl, Staveland and Jim Connolly, Vulcan; Banks "99" Service, Swede Robertson, Vulcan; Jesse and Emelson, D. Montgomery, Vulcan.

The C. H. Webber and Johnny Douville families of Vulcan won prizes for the largest families attending. Ronald Emery of Kingston, Ont., won a prize as the person from farthest distance at the show.

Many volunteer hands helped in the staging of the carnival. Bert Ohler, Orlo Doane, Jack Price, George Wisner, Carson Horne, Leslie Munro, Edward Keeling and Stu Joiner ran the hot dog stands, handing out over 1,000 hot dogs and hundreds of dixie cups. Fletcher's Dairy brought in a supply of chocolate milk Saturday morning to go with the hot dog supply. Wally Franks, Simon Vanderploeg and Gordon Brown donated their services, and loud-speaking system. Alex Grant donated his truck and his own help for the day while Stu Campbell commandeered the erection of the boxing ring used for the concerts. Others not connected directly with the project gave assistance throughout the day whenever manpower was needed.

Lethbridge radio station CJOC which once again took part in the

program coverage supplied P.A. system for the Hanley Orchestra which played for the evening Jam-boree. This dance drew a good crowd in spite of the cold night air and there were more adults cavorting in the street at midnight than teen-agers.

## Arrowwood Bride Wed In City

WEEKS — WARD

Central United Church Chapel was the scene of a pretty wedding on Aug. 29, 1961, when Dr. Gerald Switzer officiated at the double marriage ceremony uniting Beverley Joan Ward of Arrowwood and Jeremy Michael Weeks of London, England.

The bride who wore a full-length gown of white peau de sole covered with sheer ice blue organza, wore a chapel veil in matching colors. She carried a cascade bouquet of delight red roses and her only jewellery was a string of pearls, a gift of the groom. She was given in marriage by her father, Milton H. Ward. Her maid of honor was Lois

Hayes and her bridesmaid was Ella Leadbeater. Both girls wore lovely dresses of blue Swiss lace with matching head pieces and carried crescents of gladioli and rosebuds. Two little flower girls, Rhonda Brown and Barbara Ward wore bouffant dresses of blue and carried tiny blue parasols from which they scattered petals as the bride came down the aisle.

The groom's best man was Fred Walker and Ronald Hayes was the usher.

The young couple spent their honeymoon in Glacier National Park and are now residing in Calgary.

## ANNOUNCEMENT

REVELSTOKE BUILDING MATERIALS LIMITED is a new company formed by the amalgamation of the Atlas Lumber Company Limited and the Revelstoke Sawmill Company Limited.

The former two companies have served the West for over 50 years, establishing a reputation as suppliers of dependable brand name products, fair prices, together with satisfactory dependable service. All of which, we believe, has led to gaining a host of satisfied customers, which in turn is the basis of the Companies' past success.

There is no anticipated change in the present Atlas and Revelstoke managements and staff.

At this time, the managers wish to thank their many customers for past business, and wish to state that the same courteous service and dependable merchandise will be available at all Revelstoke Building Materials Limited stores and Transit Mix Concrete Plants.

One of Vulcan's early buildings, Scales is pictured just before the wrecking crews went to work. The opposite photo shows its successor, the new IGA Store.

## Too Risky?

Subscribing for, rather than borrowing, a newspaper may be the most convenient and least troublesome way to get your daily reading done, according to the following item which appeared in The Selma (Alabama) Times Journal:

"A man, too stingy to subscribe to his hometown paper, sent his little boy to borrow a copy from his neighbor. In haste, the boy ran over a stand of bees, and in ten minutes, he looked like a warty summer squash. His father ran to his assistance and, failing to notice the barbed wire fence, ran into that, ruining a \$9.00 pair of pants."

"The old cow took advantage of the gap in the fence, got in the corn field and killed herself eating green corn. Hearing the commotion, his wife ran out, upset a four-gallon churn of cream into a basket of little chickens, drowning the entire hatch. In her haste, she dropped a \$35 set of false teeth."

"The baby, being left alone, crawled through the cream into the parlor, ruining a brand new \$50 carpet. During the excitement, the oldest daughter eloped with the hired man, the dog broke up 11 setting hens and the calves got out and chewed the tails off four fine shirts on the clothes line."

"Moral:— Don't borrow your neighbor's paper, it's too risky."

Frankly, we are inclined to feel that this man's misfortunes were the exception rather than the general rule. But reports are that he took no more chances.

Located on the old Vulcan Motor Products site is the new IGA store whose clean surroundings and bright modern interior add greatly to the block and to the growing Vulcan Clinic to the right of the IGA.

**HOME & SCHOOL ASSOCIATION**  
The Brant Home and School Association held the first meeting of the new term on Wednesday evening, Sept. 13. The president, Mrs. Phyllis Hunter, introduced the members of the executive.

Mrs. Eva Andrews, convener of the publicity committee, reported that rather than sell copies of the Alberta Home and School News to the members, the association would order copies to be contributed free of charge to the members, who in turn would pass them along to others in the community. Mrs. Inez Prater, treasurer, presented the budget for the coming year.

Mrs. Holoboff, program convener, reported the proposed program for October—a panel to answer questions. Questions will be with regard to home and school and to be sent in from interested parents of the community to Mr. Truss by Sept. 27. She also asked approval of plans for a tenth anniversary banquet to be held in November. Guest speaker will be Mrs. McCullough, president of the Alberta Federation of Home and School. Mr. Truss announced a new library system for the school. The school staff hopes to encourage students to better reading habits.

A pleasant social evening was enjoyed by all and a lovely lunch was served by Mrs. Eva McKay and Mrs. Lamrence.

#### MOSSLEIGH

(Too Late For Last Week)  
The Mossleigh church received its final coat of paint on Saturday morning when the 4-H boys appeared with brushes and ladders to finish a job that was started earlier in the summer. The 4-H boys finished the church sign and erected it during the summer.

Visiting at the homes of Mr. and Mrs. A. Tharlie and Mr. and Mrs. Geo. Christie last month were Mr. and Mrs. L. Strong, Sharon and Wendy, who have returned from Germany and are now stationed with the RCAF at Penhold.

Janet Leslie has entered a hospital in Calgary for nurses training and took time out on Friday afternoon to motor to Vulcan to receive her Senior Matriculation Diploma.

#### 4-H GRAIN CLUB

The Mossleigh 4-H Grain Club held their September meeting at the home of Victor Gateman on Monday evening with nine members and both leaders present.

The achievement day was discussed and the members decided to try and hold it on either Oct. 14 or 21 in the Mossleigh Hall. The Arrowwood club competes here for honors. John Campbell and Allan Hurl were appointed to purchase prizes. A work meeting is planned for Oct. 11, at Campbell's.

Lunch was served after the meeting by Victor and Bob Hurl.

## Mystic Art Of Water Witching

(Continued From Front Page)

the seam the willow began to skip downwards and over the water the free end kept bouncing downwards until Fred could hold it up no longer and it zeroed over the water. Fred's questioning guest tried the same stunt but the willow was dead in his hands. Fred claimed Swede Robertson had a try one day and had no luck until he placed his hands over Swede's and got response.

Fred spent a day and a half on the course with his witching willow before hitting the supply which runs in from across the cemetery road in two seams which join at the spot he located. He is able to tell approximately how far down the water is and whether it is a small or large seam from the reaction of the willow. In this case the water was about 120 feet below the surface.

For two days the town pump drawing 30 to 35 gallons per minute was put on the well to test the volume and there was no effect on the level or pressure at the end of the pumping.

In the back of every mind connected with this water drilling expedition was that if successful, it would not only serve the golf club for water but might be the answer to Vulcan's water problem which is not enough good water.

These hopes were dashed by the report back from samples sent to the Government labs. The water contains 212 grains of Glauber's salts per gallon compared with the town's worst producer which has only 180 grains per gallon.

However Fred describes the well as "a real producer, the best around here," and to see if the water supply and its salt content will be useable for the course a quantity of soil and water are being sent to the Lethbridge Experimental Station where quick growth tests will be made. It will take several weeks before results will be known.

Fred Schuler's career in water witching began at his home in Saskatchewan where an old-timer, Jack Feddol taught him the art. He witched wells in Lac Birt, Big River and Raddison, in that province, for farms, schools and other interested parties.

Although he has kept his talents to himself in Vulcan because of the time involved, he did help the crew presently seeking water in town with their task but described the area, then near the elevators, as a "witcher's nightmare" with small seams scattered everywhere.

To be a water witcher, Fred says, you must have electricity in your body and learn by experience and get the feel of the willow. What that exactly means, Fred could not explain, but in his case there's the water as proof.

## Native Trout At Calgary Aquarium

The recent addition of specimens of Dolly Varden or bull trout now completes the Calgary Aquarium's collection of the char type of game fish.

The game fish display is one of the major features of the aquarium which also includes exhibits of tropical and marine fish and reptiles from all parts of the world.

The Dolly Varden trout are native to Alberta and were taken from Sheep Creek, near Calgary, by a biologist collector who donated them to the aquarium.

ated them to the aquarium.

Besides the Dolly Varden, Alberta's only other native char is the lake trout — often referred to as salmon trout or gray trout — some of which have been known to exceed 80 pounds. Specimens of lake trout are also on display at the aquarium.

The eastern brook trout or speckled trout — considered by fishermen to be the best fighter of all game fish — is native to Eastern Canada only, but has been used with considerable success to stock Alberta lakes and streams. It too is a true char, as is the red trout of Quebec, also known as the Arctic char. Specimens of both are exhibited in the aquarium's game fish section.

The aquarium is located on the Calgary Brewery grounds at 9th Ave. and 15th St. S.E. in Calgary, and is open to the public from 10 a.m. to 8:30 p.m. on weekdays, including Saturdays, and from 12:30 p.m. to 8:30 p.m. on Sundays. There is no admission charge.

Quality has everything in its favor including the price.

Many familiar old-time names come to mind with the viewing of the above photo loaned by Bruce Roe. Four Massey binder outfits are shown as they worked the seven quarter-sections farmed by

Mr. Roe in 1926. Roy Walker was an implement dealer back in the years 1908 to 1915, and Mr. Roe has a 1908 Binder that is still in working condition. Bruce used to keep 26 head of horses on the farm.

In those days and it was that kind of horse power that kept such as Joe Collier in the harness-making business in the early years. Mr. Collier is still active in the Vulcan Supply Company, and al-

though some of his "harness customers" are still around, their wants are strictly those of the machine age.

COMING  
SEPTEMBER 29th!

## A New World of Worth from Chevrolet!

You'd expect Chevrolet to do it — and it has! Traditionally Chevrolet has been the leader who so deftly pinpointed the needs of Canadian motorists — and then so aptly developed the right cars to fill those needs! Now Chevrolet has done it again! From its history of achievement in engineering perfection, mechanical durability and luxurious comfort, Chevrolet takes another significant step into the future. And now in 1962, Chevrolet invites you to enter a new World of Worth.

A GENERAL MOTORS VALUE

### '62 Chevrolet — Rich new styling with Jet-smooth ride

Chevrolet Bel Air Sport Coupe

Chevrolet Impala Convertible

Here's all the car anybody could want. Fresh-minted style that comes to a clean-sculptured climax in the new Impala Convertible. A road-gentling Jet-smooth ride. A new choice of V-8 skedaddle. New Body by Fisher interiors that give wide berth to feet, hats and elbows. Beauty that's built to stay beautiful — right down to new front fender under-skirts for extra rust resistance. And here's more than ever to please you from the make that pleases the most people. Impalas — that take the high price out of feeling luxurious; Bel-Airs — that ride as smooth as they look; Biscaynes — that sacrifice not one iota of comfort as they go their thrifty way. See your Chevrolet dealer and talk over this newest version of Canada's traditional leader!

### CHEVY II — A TOTALLY NEW LINE OF CARS

It's the car just about everybody's been trying to build. But it remained for Chevrolet to come through with it. Here are all the time-tested virtues you expect from Chevrolet plus surprises you've never seen. A full line of saucy new-size models built a new way for easier service and maintenance. Thrifty? Only four cylinders to feed, or six if you like extra scamper. Roomy? Sedans seat six solid citizens. Price? A most pleasant surprise (with the heater-defroster at no extra cost!).

Chevy II doesn't stint on anything — except gasoline! Its power plants both have hydraulic valve lifters and an 8.5 to 1 compression ratio. There's Chevrolet's famous Powerglide automatic transmission available. And there's a suspension system that includes Mono-Plate Rear Springs — part of an advanced, road smoothing suspension. But high on Chevy II's list of virtues is the comfort and style that until now has been known only in cars costing much, much more!

And it's yours to enjoy in all three series of Chevy II — in all nine models. There's the Chevy II 100 series — beauty built for every budget. The Chevy II 300 — function with a flair in a family car. And the Chevy II Nova 400 series — sensibility at its Sunday-best. Choose one — and you get everything you want in a car — including the dollars-lower price tag!

Chevy II 100 4-Door Station Wagon

### ALL THIS IS YOURS IN A CHEVY II

- Body by Fisher — solid strength and lasting value
- Choice of 2 Power Plants — a frugal four or almost-as-thrifty six
- Choice of 2 Transmissions — 3-speed Synchro-Mesh or Powerglide
- Industry-new Suspension System — Mono-Plate Rear Springs never require lubrication
- Power Features — Steering and brakes optional on all models

Whitewall tires & wheel discs optional at extra cost

Corvair Monza Club Coupe

*Corvair — sports car spirit...  
family car function*

Corvair Monza Station Wagon

You'll never find joyful excitement wrapped up so carefully with economy, elegance and sports car dash as it is with Corvair for '62. There's the sure-footed agility that stems from Corvair's rear-engine and weight distribution — complete with its gas-saving ways. There's the sport appeal

of bucket seats\* — and there's the kiddies' romping room that comes when the rear seat is folded down\*\*. Certainly, the nine models of Corvair for '62, including the new Monza Station Wagon, combine the best of family comfort with a sports car flair — and an eye on economy!

\*Standard on the Monza Club Coupe, Optional at extra cost on the Monza 4-Door Sedan and the Monza Station Wagon.

\*\*Optional on 500 and 700 series coupes and sedans.

**WHAT ARE VITAMINS?**

Vitamins are materials essential to health and are necessary for normal functioning of the body. Alone, they will not sustain life, but they are indispensable to the body's full and efficient utilization of food. Vitamins aid in growth and may help to maintain normal resistance of the body to infections.

**WHY DO WE NEED VITAMINS?**

To meet regular vitamin daily needs, many people require some form of multiple vitamin product taken daily to supplement the vitamins they receive in their food. The daily intake may be inadequate in persons who have a substandard diet, are not able to eat a balanced diet, or need supplements because of increased demands.

**WHERE SHOULD WE BUY VITAMINS?**

Physicians and pharmacists are trained in the use of vitamins; personal check-ups by your physician may indicate a need for vitamins and minerals. See your pharmacist. He can guide you in deciding which vitamin products are best.

The September meeting of St. Andrew's C.W.L. Council was held in the parish hall with Mrs. Stan Scales presiding, assisted by the director, Father Marien.

After welcoming new members to the league meetings, Mrs. Scales read an inspiring letter from diocesan president, Mrs. Niedzwicki of Calgary encouraging the local council to join with C.W.L. members across Canada, numbering 140,000, in combating the insidious inroads of Communism.

The Spiritual convener reminded all members to be generous in their spiritual bouquet which is to be presented to their Pope on his 80th birthday and to inspire in their families the same generosity.

### Golden Wedding Anniversary

(Continued From Front Page)

Robin, in playing violin and organ accompaniment to Charles Pedersen, who sang, "When You and I Were Young Maggie," dedicating it to his grandparents. All present greatly enjoyed this musical treat.

Margaret Robson, daughter of Mr. and Mrs. Charles Robson, pioneers of this district and Everett G. McPherson, were married at the home of the bride's parents, Sept. 21, 1911, by Rev. A. C. Bryan of Nanton some five miles from the present town site.

The happy couple made their home on the groom's homestead three miles east of Vulcan. Here they continued to live for many years and here too their three daughters, Mabel (Mrs. Eddie Pedersen), Dora (Mrs. R. J. Willard) and Edna (Mrs. Garnet Discher), were born. Later the McPhersons lived on the present Commodore Allen farm and now for several years they have resided in town. Besides their three daughters they have seven grandchildren.

Prior to coming to Canada Mr. McPherson, at the age of 18 joined the United States Army and served for three and one half years in the Philippines. After his service he came to Canada, homesteaded just east of Vulcan, some 3 1/2 miles. He is a member of the IOOF Lodge, No. 91, which he joined the year of its institution, 1911. He is also a member of the Masonic Lodge, which he joined in 1926.

Mrs. McPherson who has always been active in community affairs remembers when there was only one farm house between Nanton and her father's homestead, east of the present town of Vulcan.

Guests coming from a distance were: Mr. and Mrs. B. D. Lockhart, Mr. and Mrs. A. W. Sheffield,
